RAYA 2026 COLLECTION

Potret Raya: Mengabadikan Memori, Menyulam Tradisi
(A Portrait of Raya: Framing Memories, Weaving Heritage)

Potret is a collection that brings out the beauty of Raya nostalgia through visual art and emotion. It is inspired by the romantic and gentle world of Claude Monet's impressionist paintings.

The collection features classic Malay silhouettes such as kurung labuh, kebaya, and kurta combined with modern details that are simple, flowy, and minimal.

Each outfit feels like a living painting -
made with fabrics like linen, voile, or matte satin in soft pastel tones

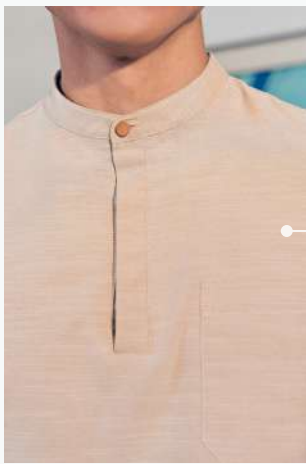

Potret takes place in a warm, charming home - where Malay tradition intertwine with the elegance of an English garden. Surrounded by blooming florals, soft pastels, and flowing fabrics, the setting feels like a living painting.

As Raya approaches, family returns to this serene space - bringing laughter, stories, and memories that echo through quiet corners. The elders flip through old portraits, sharing gentle tales of congkak, menyulam (crochet), and the beauty of simple moments.

This is a Raya of reflection - where modern softness blends with heritage. Every detail, every memory, is captured like a brushstroke - subtle, heartfelt, timeless.
